A yearbook is representative of a single year's appearances, happenings, and trends. If we compared the pictures in the yearbook from freshman year to now, the differences would be staggering. The amount of growth that has taken place often goes unnoticed. Looking back as a senior, the years seem to blend and the faces of classes before us have gone so quickly and permanently. But with each graduating class, a legacy is left behind that shapes Franklin High School for years to come.The Class of 2008 started out like any other, nervous freshmen that didn't quite know what to expect. We endured the traditional rites of passage like sitting away from the windows, going unnoticed in the hallways, and withstanding the "go home freshmen" chants at the sports games. As sophomores we had developed our circles of friends, gained the confidence of no longer being freshmen, and started to truly enjoy the freedoms of being in high school. Junior year felt like a turning point as our class became more united in the mutual excitement for prom and the dreading of SATs.

Actually becoming the almighty senior, however, is hard to sum up in only a few words. There is such a wide spectrum of emotions from the inevitable sadness of leaving, to the absolute excitement of graduating. We have finally established that sense of adulthood, but it took time to get here. Without the guidance of our teachers, administrators, counselors, and advisors, Mr. Leighton and Ms. Allessi, our full potential on an individual and class level might never have been reached. Thankfully, we leave here with four years of experience and a legacy we can truly call our own. We possess some of the greatest students, athletes, activists, musicians, and performers that Franklin will not soon forget.

I wonder what it will feel like to look at this yearbook ten years from now. Will it be in disdain? Or will it be a reminder of the best days of our lives — the friendships, relationships, the good times with the bad. It is impossible to know how each of us will view our time at Franklin High once we have graduated and gone our own ways. The only thing I am sure of is that each person's experience is unique in their own right. We were given four years to do with what we please, and whatever the outcome, it was someone's choice, and none of us can say whether it was right or wrong. We can only be appreciative of the many experiences we faced growing up here, and recognize all that the future has to hold wherever we go in life.

— Senior Class President,
Kat Brandenburg

Dear Class of 2008,

We've all heard that tiring phrase "don't look back" at one point in our lives. Someone has told us at least once to put the past behind us and move on. But what I want to know is what's wrong with looking back every once in a while? Why is this life composed of constantly moving on? Sometimes, like right now, in this moment, I believe that it's okay to sit back and think about years passed, and sift through the many memories made...

High school. Who knew two words could mean so much. From the crowded halls to the noisy cafeteria, every corner of Franklin High holds a memory for someone. I can still picture in my mind the first day we all entered this building as students here: everyone exhausted from a sleepless night, and terrified of the endless halls and their big bad seniors. I, for one, did not want to be there. I was scared of meeting new people. I was happy with what I had in middle school, and didn't want anything more.

It's funny how things change. How we all change. To think we were all once the scared little freshman makes me want to laugh. It feels like it was all a dream. We had no idea what was up ahead. Best friends and enemies were made and sometimes lost; groups and cliques were both formed and broken. We discovered who we are now through friends, sports, experiences, and decisions. We grew into our bodies and grew up. We found that one person that we could never spend enough time with – that one very best friend. That one person that we kept no secrets from and who never kept any secrets from us. That one person that could never let us down, could never harm us in any way. And to think we could want more in life than that.

The football games. We can never forget the football games. There were nights where we would be crammed in the bleachers, sweat shining on our faces as we screamed and shouted when our team scored another touchdown, while other nights we spent huddled under blankets, clutching hot chocolate that we could barely sip through our chattering teeth. The blinding Friday night lights, the enormous team spread out across the turf ready for another victory, and the constant chants shouted from the stands were what defined a true high school football game. I can never forget those nights.

As soon as football ended, basketball and hockey games began. Inside, the screams and shouts from the bleachers were so much louder, reverberating off the walls and coming right back at us, making the games even more intense than they already were. From the intense heat of the field house to the cold air of the rink, both the teams and the fans never quit, never gave up. I still laugh when I think about the boys and girls painting their stomachs for the basketball games, and the hockey boys sporting their mullets through the halls all through the winter. Memories like that don't come around too often.

There are so many stories we all have to tell: The mistakes made, the lessons learned. There's always some sort of drama. Some of us fell in love. Some fell out of love. We all deal with heartbreak at one time or another. There are so many hardships we all go through, but the good times that come around not long after are enough to heal the pain. We all end up with stories to tell, and that's all that matters in the end. Stories about parties crashed, the first car, of times we did and didn't get caught, the laughs, the pranks, the good deeds, the fights, the detentions and suspensions, everything. The list goes on forever. There is no possible way one could put down all the memories formed in high school on any amount of paper. There are just too many.

So that's high school. And now it's coming to an end, and all we're left with are the memories we've made. I've heard it said so many times in the past few months: "don't look back. We have to keep moving on." And you know what I have to say? The exact opposite. Look back, seniors. All of you. Don't move on. Carry on with life, but there is no need to move on. Memories are all we have left now, so why must we leave those behind as well? We can't. We won't. So all I have to say, Franklin High, as I walk out of this school for the last time, is that we must all look back, and never forget. The good times spent with the good people should always be kept close at heart. The memories should never be pushed away; the pictures should never be left in the dust. Nothing should be left behind, out of mind forever. For everyone wants to be remembered.

Having lost our whole starting line up from the previous year and a lack of experience, we worked hard and really came together this year to have a winning record. Beating Canton the second time around was a proud moment and led us to share the Hock Champs title with them for going 13-1 in the league. A tough loss in the second round of tournament brought the season to an end, but our team came such a long way and we are all so proud of each other. — Sarah McGowan

## Outstanding Athlete

Coming out of our last year struggling, we started the new year as Hockomock Champions. The team was more determined than ever. We pushed through the hard judging and penalties to place third at regionals and move onto states. We are proud of our team for overcoming all the obstacles faced and making an amazing comeback to take the league title again.

However, with a little determination and teamwork, they turned around the season and ended with a 6-8-2 record in the Hock. Although the record didn't reflect their play and hard work, the boys still ended their season on a good note."

# Girls' Soccer

" A season full of high expectations was delayed by injuries and focusing on overcoming adversity, but the Girls Varsity Soccer team still managed to finish with a 10-6-4 record. We made it to the second round of the state tournament, where we lost a close game to Marshfield. Together, we defined team. Team is cooperation, being yourself, understanding, endless memories, sleepovers, inside jokes, backing each other up, laughing together, and of course, crying together. By the end of this season, we turned team into a new thing. We were not only teammates, we were best friends."

# GOLF 2007

The boys golf team capped a great season this year with a bid at the state tournament. Although the boys' post season bid ended all too prematurely, it was still a great experience for all and hopefully an indicator of things to come for the team. With the group of senior veterans graduating this year, the team will be relying on a group of talented young golfers for the 2008 season. With such a group, it is inevitable that the team be among the best in the Hock League again next year. Good luck boys.

# Girls' Field Hockey

**"Give them nothing, but take from them everything!"**

*"We didn't lose the game we just ran out of time."*
*~Vince Lombardi*

"We didn't lose the game, we just ran out of time." This was the case in our last chance to make tournament this year. Against Mansfield, the score was 1-1 and panic was in sight. Our goal of making tournament came to a crashing halt when the time ran out and Franklin Field Hockey did not make tournament by one point. Although our season did not end up how we had hoped, overall the program has made significant strides. The forward line bonded together and headed towards the opposing net fiercely, the midfield ran with speed to support the forwards, and the defense held their sticks strong. Even though half the team is leaving, we will always be remembered as the *2007 Field Hockey Team.*

# BOYS' CROSS COUNTRY

2007

"Courage is more than just showing up, it's giving all you have every time the gun goes off. You have to believe in yourself and your team, believe that they will do their job, so you can do yours. People say pain is a bad thing, but having pain is just part of our routine. You have to get comfortable being uncomfortable. Endurance is not how long you can last but how far you can push yourself past your limits. You have to remember destiny is not by chance, it's by choice. So you have to ask yourself what can you give and if your answer isn't everything you have then it's not good enough." -Pat Slight

The boys team finished with a record of 5-3 in the Hockomock League and fifth in their division, qualifying them for the All-State meet. Good luck next year boys!

## 2007 - 2008 Varsity Season "The Rising"

Ryan Spencer goes up for the basket

**Mike Arthur** takes a shot

With six games left in the regular season we are standing at a solid 11-5, beating very good teams like Mansfield, Sharon, and Taunton. We are all looking forward to where we will be seeded and how we will do in the state tournament. We started the season with a long streak of away games, but persevered through it. We won the North Attleboro Holiday Tournament beating Attleboro and Taunton. Sophomores **Matt Palazini** (MVP) and **Matt Dean** made the All-Tournament Team. Seniors, like **Andrew Leenhouts**, **Brian Collatos**, and co-captains **Mike Arthur** and **Mark Williams** have stepped up in critical games to propel the Panthers to big wins. We have battled as a team through a lot of turmoil and criticism, but we've risen above it all. We fight in every practice and in every game to better ourselves and our teammates. **Ryan Spencer** and **Zack Price** have done very well in making this team better and will help in future years to keep Franklin an outstanding basketball program. We always seem to amaze people, and this year is no different. The Rising.

# *Captain's Note*

Our team this year is one of the closest groups that has ever been in this program. The experience we have together as a group has proved to be the reason for our success. We had set high standards for ourselves because we realized that we have high expectations. We know that the only way we could have achieved any of our goals was with a team first mentality that has been imprinted into everyone's mind since day one.
-Captain **Siobhan Sullivan**

"*As defending Hockomock League Champions, there was a lot of pressure to succeed for the Girl's Indoor Track Team. This year, we were not able to keep the title, but we still finished with a strong record. We struggled through some close and exciting meets that came right down to the last race. Good luck next year girls, it's looking good!*"

SENIORS

"The Franklin High varsity boys' hockey team has been known in years past for their great success and sportsmanship. Each year we bring a platoon of experienced seniors that hope to lead us to our 6th consecutive league championship. Our past years of success have quickly become a tradition. This year we hope to achieve our ultimate goal of a state championship."

FRANKLIN PANTHERS
FRANKLIN PANTHERS

Our team lost a lot of great competitors last year, but we were able to bounce back and have a great season. By fighting for not only first, but second and third places, we were able to steal some points from the other teams, and consequently some meets too. Overall, I am very pleased with the guys' perfromances this season.

# Captain's Note

I can honestly say that it has been a true pleasure, and an honor to play alongside such a great group of young men for the past four years. This past season's success can be attributed to a valiant effort by every member of the team. The team has improved to a Hock League contender over the past few years due to the the teams collective determination and work ethic. These past few years have really set the stage for the future of the tennis program. I am looking forward to another great season of Franklin tennis led by myself along with my co-captains Kevin Moore and Kevin Murphy.

"I mean...one half a step too late or too early and you don't quite make it.
One half second too slow too fast, you don't quite catch it.
The inches we need are everywhere around us.
They are in every break of the game, every minute, every second.
On this team, we fight for that inch.
On this team, we tear ourselves and everyone else around us to pieces for that inch.
We claw with our fingernails for that inch.
Because we know when we add up all those inches, that's gonna make the difference between winning and losing!"

Class of 2008,

Congratulations, you've made it! Four years have come and gone and for many of you, Franklin High School has probably seemed like your second home. Since late August of 2004, you have walked (and sometimes ran) through the halls of FHS celebrating the good days and grumbling about the bad days; suffering through tests, waiting out long period, wishing there was more time in lunch and hoping the weekend would come faster. Needless to say, you have made many memories within these walls that we hope will last and make you smile in the years to come. You've learned a lot about the world and the way it works in your four years here and hopefully learned about yourself along the way. Although we have not been with you for all four years, we have enjoyed advising you for the last two and have come to see what a wonderful class of individuals you are.

As you head off to the rest of your lives, we wish you luck and happiness. Surround yourselves with good people, always look at the bright side of things and find a career that makes you as happy as our jobs make us! Good Luck!

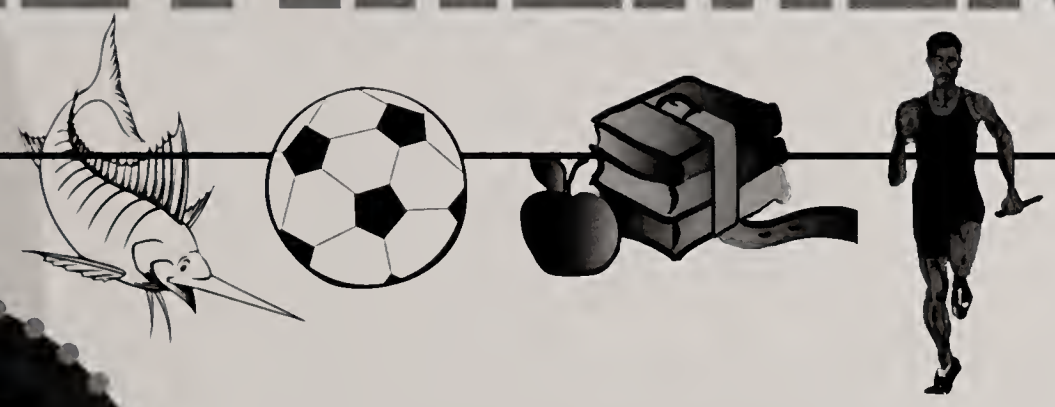
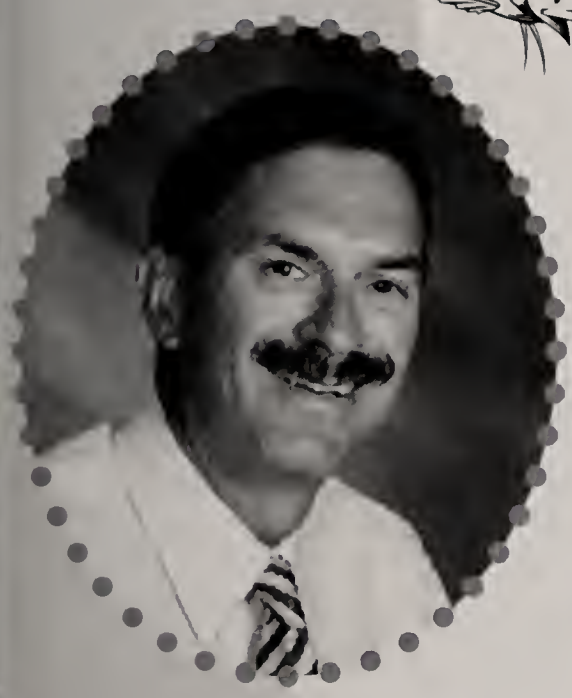
# Moving On Up!

# RETIREMENT





"I came to Franklin in February of 1973 with the intention of taking what I thought was going to be a temporary job doing something I had never done before, teach. I now find myself sitting here 35.5 years later wondering where the time went. Almost all of the teachers that I began my career with are retired; I am one of the last of my "generation" of teachers here at FHS. It is the friendships and bonds formed with those people, the few that remain and many that arrived since that I will miss the most. I will also miss the chemistry students, the soccer teams and the Monday night ski sessions that have been part of my everyday life here at Franklin. I am not sure what the future holds but I hope it includes some trout to cast my flies to, some snow in the glades and an occasional day of perfect surf."
-Dennis Pelletier

"I have spent nine years of my thirty year career in the Franklin Public Schools as the Director of Libraries K-12, and the High School Librarian. I was hired at the beginning of the tremendous growth spurt that the Town of Franklin experienced and up until today continues to experience. It has been wonderful watching the many students who come into the library as Freshmen for orientation to the library, graduate as seasoned library users. Franklin High School has a wonderful student body, enthusiastic and eager to learn. It will be difficult to leave this vital atmosphere: but now I have two grandchildren with whom I intend to spend a lot more time. I also look forward to reading the many books I have on my list, exercising, and most especially not getting up at five a.m."

# Rest In Peace Matthew S. Blagdon

December 18, 1990 — December 11, 2007

"It takes a strong man to look inside himself and say I'm here because of me."

*"God Saw you getting tired, and a cure was not to be, so He put His arms around you and whispered "Come to Me." With tearful eyes we watched you, and saw you pass away, and although we loved you dearly, we could not make you stay. A golden heart stopped beating, hard working hands at rest. God broke our hearts to prove to us, He only takes the best."*
